Yes No

Answering this question is optional. Association membership is not a requirement for insurability.

POINTERS

The following pointers are strongly recommended for all contractors in the DRILL program:

RISK CONTROL

- The contractor has a written safety program.
- The safety program includes driver selection and training requirements.
- The contractor has a drug-testing program.
- The contractor has a written quality control program.

DEFINITIONS

General Contractor is a contractor who subcontracts work to others in excess of 50% of their total receipts, exercises primary control of the job site, and is named in the construction documents as the general contractor of record.

Habitational work: Condominiums, triplexes, duplexes, or townhouses.

Residential work: A subset of habitational work defined as new or major rehabilitation of multi-family owned developments, tract housing developments and condominium projects.

Subsidence: Any movement of land or earth including: landslides; mudflow; earth sinking, rising, and shifting; collapse or movement of fill, earth settling, slipping, falling away, caving in, eroding or tilting; and earthquake.

Tract Housing: Developments where the houses are similar in price, physical characteristics, lot size and square footage; numerous houses of similar or complementary design constructed on a given expanse of land.

Wrap-up (OCIP): A policy providing coverage(s) for all interests in a major construction project. Also known as an OCIP (Owner Controlled Insurance Program or a CCIP (Contractor Controlled Insurance Program).
